## Come celebrate 83 years of your co-op!

## Your annual meeting will be Oct. 29 at Crowder College

### NEW-MAC ELECTRIC'S 2022 ANNUAL MEETING

• 10 a.m., Sat., Oct. 29 @ Crowder College Gymnasium • Registration 8-10:15 a.m.

It's New-Mac Annual Meeting time again, and we are excited about all we have planned this year.

We will have gift drawings for all ages, and babysitting is provided.

The meeting also features a free luncheon. Please help us in planning the food. If you are planning on attending, please clip and fill out this form, and mail it to P.O. Box

310, Neosho MO 64850. You may also return it with your bill payment.

We will place our meal order based on the number of forms we receive.

See you all at the meeting!

Energy Partners is a monthly publication of New-Mac Electric for the purpose of informing members of the programs, services and happenings of, and related to, the cooperative.

Coming next month

Be watching in your mail for your 2022 Annual Meeting Notice. It will arrive in October.

## Moving advice

When moving out of the New-Mac Electric service area, please don't forget to leave a forwarding address. You could be leaving capital credits behind.

## Be safe, call before you dig

Digging in areas where there may be an underground electric line can be dangerous! So, before any project that requires digging, call the Missouri One Call System at 800-DIG-RITE, or you can dial 811. Please call three working days in advance.

Those who fail to make this call not only face the chance of electric shock – or even electrocution; they also will be held responsible for any repairs that may be necessary if a line is accidentally cut or damaged.

## Help yourself to 'Rural Missouri'

Copies of the latest *Rural Missouri* magazine are always available, free of charge, at either New-Mac office.

## Pay bill, view usage online

Remember, not only can you pay your bill online, you can also look at usage trends, compare bills from various billing periods, set up reminder texts or emails, and much more. Visit [new-mac.com](http://new-mac.com) and click on the "My Account" or "Pay My Bill" buttons in the upper-right hand corner.

Participants learned how to prepare their homes for the winter months and took a glimpse at our safety demonstration given to schools each year. They were also given yard safety tips and a look at some innovative electric yard tools. Pictured are scenes from both the Anderson (Aug. 16) and Neosho (Aug. 18) sessions with New-Mac instructors Zane Berner (top), Mark Rakes (middle) and Ashlea Norman (bottom).

# Back to school means back to teaching safety

School is back in session, and you can count on New-Mac Electric to do our part to educate kids about being safe around electricity.

Each school year, New-Mac informs the principals of the 20 elementary schools inside the co-op's service area about our safety presentation. Then, once we're invited, we visit the schools and teach kids the importance of respecting electricity with our *Power Town* demonstration.

*Power Town* is a scaled-down model of an electrical system, complete with poles, transformers, buildings, a bulldozer and critters. The stars of the show are two characters fashioned out of neon light bulbs, known as *Neon Leon* and *Lightning Liz*.

Students are educated about numerous situations where they need to be careful to avoid encounters with electricity, and lessons are learned through the misadventures of Leon and Liz.

Although our program is designed for third and fourth graders, it can be customized for any age group. If you have school-aged kids in your family, ask them if they've seen New-Mac's safety program. If not, call their school and encourage them to invite New-Mac. We'd love to come and share our message about electrical safety.

Each year, we teach hundreds of kids, but it's not just at schools. From 4-H clubs to scout troops, New-Mac is willing to present to any civic group that calls.

If you are interested in scheduling New-Mac for a safety presentation, call Zane in our Member Services Department at 451-1515 or 800-322-3849.

Students learn from the misadventures of Lightning Liz and Neon Leon, pictured above. New-Mac is always working hard to ensure kids know how to be safe around electricity.

## Unclaimed patronage available for former members of New-Mac Electric
